Care of Personal Items, and Lost and Found

We are very fortunate to have a school community that shows care for others' belongings. On a regular basis, there are valuable items (like phones, laptops, jewelry and cash) turned into the office by students and staff who find them throughout the school. That said, we want to make sure that students are diligent in the care of their personal items. It is important for students to ensure that their belongings are not left unattended around the school. Every student has a locker and they should be used to keep their personal belongings safe. It is also important for students to remember that our school facilities (arenas, gyms, etc) are rented to outside groups after school hours.

Our lost and found contains a significant number of items that have been left around the school. Students with missing items should check there first. Please remind your children that items are not to be removed from the lost and found if they do not belong to them. More valuable items are often turned into the office and students can check there as well.

Flames Sports Bank Equipment Drive

The Calgary Flames Sports Bank supports thousands of kids each year. As there is a growing need for equipment and keeping kids active and in sports, their mission is to collect sports equipment that is clean, current and not outdated, and free from broken parts to ensure safety of the kids receiving the equipment.

From Oct. 16-30, Edge School will be accepting equipment donations that will be passed along to the Calgary Flames Sports Bank. We are asking that all equipment be placed in a clear plastic bag when being dropped off. The detailed list of what equipment the Sports Bank is currently accepting can be found on the next page.

The biggest need that the Sports Bank has are for hockey sticks donations

Sharing Student-Athlete Achievements and Accomplishments

In an effort to help us shine the light on the many great achievements of our Mountaineers, we are asking for your help. Whether it be a story of achieving a personal best in athletics or giving back to the community, we want to recognize the efforts of our students beyond our four walls. Generally, we share a selection of these stories through our social media channels and Edge Mountaineers website. To ensure that we highlight our student-athletes accordingly, please do not hesitate to [share stories and pictures with Landon](#) when you can.
