Alberta Education Surveys

The Alberta Education Assurance (AEA) Survey is an important tool for enhancing the quality of education in our school. Your participation in this survey is invaluable! It helps us gauge how well we're doing in areas like student growth, learning engagement, education quality, and creating welcoming, caring, respectful, and safe learning environments. Your feedback directly influences our planning and future initiatives.

Each year, Alberta Education sends the AEA survey to all parents and legal guardians of students to gather important information on the quality of education provided by schools.

This year's surveys and random access codes were shared with you directly from Cynthia McLennan. *You will not receive the survey in the mail as in previous years.* [You can use this link](#), along with your random access code, to complete your survey.

3-Sphere Surveys

As part of our continuous improvement mandate, [you can now complete our 3-sphere survey to provide feedback on your academic, athletic and character experiences within our programs here.](#)

This survey is intended to complement the Alberta Education surveys (noted above). If you have more than one child attending Edge School, please complete the survey for each child. Your feedback is confidential, appreciated and valued.

Whenever possible, please add comments to justify your answers. These comments are particularly helpful when we plan actions to address potential areas for improvement.
