Alberta Teacher's Strike

As you are aware, there is a teacher strike that is expected to begin on Monday. We wanted to make sure that you were aware that **our school is not impacted by the strike**. Because we are an independent school whose teachers are not unionized, our teachers will not be part of the strike action. Classes will continue for us uninterrupted throughout the job action.

Recognition Program

We believe that positive recognition is a powerful tool for building character, encouraging a quest for excellence, and improving self-esteem and self-confidence. The [Edge School recognition program](#) provides opportunities for students to receive corrective feedback that can assist them in appropriate goal setting. It encourages students to monitor one another's actions and helps to instill a sense of community and accountability with one's peers. In addition to the recognition for academic excellence and character, we also celebrate success in athletics.

We would like to make you aware of an opportunity for you and your child to attend and meet University representatives. The OOP fair in Alberta refers to an Out-of-Province Post-Secondary Fair, where representatives from over 50 Canadian universities, colleges, and other post-secondary institutions outside of Alberta tour various high schools across the province between Oct. 15-23. Students can attend these events to gather information, ask questions, and learn about academic programs, admission requirements, and campus life at these institutions.
